2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Silver Valley Academy (SVA) is comprised of various alternative education programs that are designed to serve a diverse group of students of the Silver Valley Unified School District. SVA is a District umbrella program that consists of the Success Program for special education students, Long-Term Independent Study, the Emerging Ability Program for students with severe life-handicapping situations, and the Home-Hospital Program for students whom are unable to physically attend school. This unique dynamic allows for expanded collaboration amongst instructional staff, the District, and special education personnel to ensure a robust, comprehensive, and individualized educational plan is implemented for each student.

MISSION STATEMENT:

The mission of Silver Valley Academy is to provide an educational environment where all students can succeed academically and mature personally while acquiring the essential critical thinking skills needed for careers in the 21st century.

VISION STATEMENT:

Silver Valley Academy will create a safe and constructive learning environment which promotes academic growth and maximizes personal success for all students. Through these techniques, we will develop interpersonal skills and ensure the creation of life-long learners.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Permits and Waivers	1.70	0.00
Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	1.70	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.00	0.00
Total Out-of-Field Teachers	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	48.5	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Silver Valley Academy (SVA) primarily offers the school curriculum via Edmentum which is a fully-accredited web-based curriculum that allows SVA to offer a wide-range of courses that are all aligned with respective California state standards, meet state A-G entrance requirements, and provide rigorous coursework required to be successful in college and career after high school.

School Facility Conditions and Planned Improvements

Adequacy:

Situated on 10.25 acres, the Alternative Education Center site serves Calico Continuation High School, Silver Valley Academy, and Silver Valley Adult School. This site was originally constructed in 1953. The campus is comprised of 6 permanent classrooms, Multipurpose Room, Lounge/Cafe, Library, Kitchen, Guidance Room, Computer Lab, Printshop and outdoor recreation areas. All site facilities provide adequate space for all students and staff.

Safety:

School Safety at Silver Valley Academy (SVA) for all students, staff, and visitors is a fundamental priority to a positive and effective learning environment. School safety is a necessary component of school culture that is created and maintained through awareness, training, and assessment in all areas of teacher-visitor interactions, facilities maintenance, and school safety activities. The School Safety plan is discussed and reviewed at School Site Council meetings and staff meetings throughout the school year. Safety is monitored from three sources: (1) student behavior data, adult visitor sign-in sheets, and physical structures through quarterly reports and William's Compliance visits. SVA conducts regular fire drills, active shooter drills, earthquake, and evacuation drills, and we review emergency procedures with students and staff regularly. We also hold classroom discussions on disaster preparation. SVA staff monitors students on campus from the time they arrive until they are safely off campus at the end of the school day. We ensure a safe campus by monitoring and responding to input and concerns presented by school stakeholders. The SVA Comprehensive School Safety Plan is updated, reviewed, and officially approved each school year during a School Site Council Meeting.

Cleanliness:

The school provides a safe and clean environment for students, staff, and volunteers. The District Governing Board has adopted cleaning standards for all schools in the District. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and safe. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and healthy learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by the District's maintenance staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Silver Valley Unified School District including regular facilities inspections to ensure that school grounds and facilities remain in excellent condition. A work order process is used when issues arise that require immediate attention. Repair requests are completed efficiently and in the order in which they are received. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California OPSC. The most recent inspection took place in December 2023.

Williams Visit Findings

On an annual basis, the San Bernardino County Superintendent of Schools conducts Williams visits to monitored school sites to evaluate sufficiency of instructional materials and to ensure that school site facilities are in good repair. Below are the findings from the most recent visit including information regarding any remedial action taken or planned.

School Facilities

The following extreme deficiencies were observed: None.

The following good repair deficiencies were observed:

Section 14. Playground/School Grounds

Area that poses safety hazard(s) to students unsecured. (Remedied)

Deficiencies that were observed and remediated prior to the end of the visit are reflected in this report and the enclosed FIT. Please be sure to include all findings on the appropriate SARC, including all dates of remedial action taken or planned. Include verified during next fiscal year's SARC review process (if applicable).

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	33	9	30	27	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

Silver Valley Academy (SVA) offers an in-person CTE course titled Graphic Arts Technology via the Manufacturing and Product Development Pathway. Graphic Arts Technology is a 2-Year CTE Pathway in which students:

- Learn and apply principles of design to generate original designs.
- Utilize industry based graphic arts software to generate vector/print ready designs.
- Produce designs utilizing various printing techniques such as vinyl cutting/application and screen printing techniques.
- Create an original portfolio in order to pursue employment or college transfer opportunities.
- Collaborate effectively with project team members meeting deadlines and completing design/print jobs.
- Demonstrate an understanding and practical ability to complete an industry standard graphic design project from inception to completion.

CCHS also offers the school curriculum via Edmentum Courseware, a web-based educational program. Edmentum Courseware allows for the offering of the following Career Technical Education (CTE) courses:

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Silver Valley Academy (SVA) has fostered a collaborative approach to school management by ensuring that all parents are involved in decision-making processes. The SVA community embraces the establishment of a communicative, positive, supportive, and nurturing school environment built upon relationships with parents and all stakeholders to assist in efforts to best meet the needs of the diverse SVA student population. SVA regularly holds School Site Council meetings, monthly meetings with the Principal, and awards assemblies to recognize student achievements. SVA also collaboratively devises and disseminates surveys to administer to parents to frequently monitor the effectiveness of school initiatives. Additional events are organized based upon holidays, graduation, and other celebratory opportunities to bridge the gap between the school and parents.

2023-24 School Safety Plan

School Safety at Silver Valley Academy (SVA) for all students, staff, and visitors is a fundamental priority to a positive and effective learning environment. School safety is a necessary component of school culture that is created and maintained through awareness, training, and assessment in all areas of teacher-visitor interactions, facilities maintenance, and school safety activities. The School Safety plan is discussed and reviewed at School Site Council meetings and staff meetings throughout the school year. Safety is monitored from three sources: (1) student behavior data, adult visitor sign-in sheets, and physical structures through quarterly reports and William's Compliance visits. SVA conducts regular fire drills, active shooter drills, earthquake, and evacuation drills, and we review emergency procedures with students and staff regularly. We also hold classroom discussions on disaster preparation. SVA staff monitors students on campus from the time they arrive until they are safely off campus at the end of the school day. We ensure a safe campus by monitoring and responding to input and concerns presented by school stakeholders.

The SVA Comprehensive School Safety Plan is updated, reviewed, and officially approved each school year during a School Site Council Meeting.

Professional Development

Silver Valley Academy (SVA) has worked to address the goal of holistic education by working closely with the Silver Valley Unified School District (SVUSD) to provide high-quality professional development for SVA teachers, administrators, and other community-based personnel to increase the ability to meet the differing needs of student populations. Moreover, ample professional development in regard to California Common Core State Standards, state assessments, and programs tied to state standards has been offered. Professional development in integrating technology into curriculum and instruction to improve teaching, learning, and technology literacy has also been offered to SVA staff. Additionally, training to assist SVA staff address
