## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### School Description

Fort Irwin Middle School (FIMS) is located on Fort Irwin National Training Center in the Mojave Desert, 38 miles from the nearest city, Barstow, California. Prior to January of 2006, FIMS served the Fort Irwin Community as a fourth through eighth-grade school, but with the opening of Tiefert View Intermediate School was reconfigured into a traditional sixth through eighth-grade middle school. Our student population is composed of approximately ninety percent of military-dependent children who have traveled all over the world and come to FIMS with many views of what schools are and how they as students fit into them. The remaining students are composed of students who are intradistrict and inter-district transfer students whose parents are employed at Fort Irwin National Training Center. Some of these are retired or are former military-related personnel, but many are civilians who have chosen employment many miles from their homes. Students in these situations are impacted similarly to our staff that travels great distances. Many of our parents are soldiers who are assigned to the "Operations Group," 11th Armored Cavalry Regiment or the 916th Sustainment Brigade and therefore spend many days and/or hours in the field away from their families supporting the rotational units that pass through the National Training Center en route to Afghanistan or other destinations. They are combat veterans selected for this assignment because of their multiple overseas deployments and unique skill sets. This of course, substantially impacts the social-emotional stability of many FIMS students in meaningful ways.

### School Mission Statement

We will create a school culture where all members build relationships that support and motivate students to "Do Their Best" academically and behaviorally.

### School Vision

Fort Irwin Middle School will develop an academic program that will focus on high expectations of pupil performance in an environment where students feel socially, emotionally, and physically safe.

#### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Pursuant to the settlement of Williams vs. the State of California, Silver Valley Unified School District thoroughly inspected each of its school sites at the start of the 2022-23 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment. The date of the most recent resolution of the sufficiency of textbooks is September 13, 2022.

All students, including English Learners, are given their own individual textbooks and/or instructional materials in core subjects, as well as, foreign language and health (as appropriate), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and frameworks, with final approval by the Board of Education. The table displays information collected in August 2022 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Our site administrators and teachers work collaboratively to construct pacing guides based on the most current academic standards. Part of this collaboration includes matching the curriculum to those standards to ensure students have access to the materials. This collaboration process is held regularly and is ongoing throughout the school year.

## School Facility Conditions and Planned Improvements

### Adequacy:

Fort Irwin Middle School was originally constructed in 1956 with additions constructed in 1995. The campus is situated on 13.0 acres and comprised of 22 permanent classrooms, 14 portable classrooms, a library, one computer lab, a gymnasium, and one playground. All site facilities provide adequate space for all students and staff.

### Safety:

The safety of students and staff is a primary concern of Fort Irwin Middle School. All guests to the campus must sign in at the office and wear a visitor's badge at all times. Before visitors are allowed to make contact with a student their identification credentials are checked to ensure that they are authorized to contact the student in question. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among noon-duty aides, teachers, and school administration. To safeguard the well-being of students and staff, comprehensive School Site Safety Plans have been developed for each site by the district. The Safety Plans were most recently updated in January of 2021, with all revisions reviewed immediately with the staff. Key elements of the Safety Plan focus on the following: school rules and procedures, disaster procedures, current status of school crime, notification to teachers, child abuse reporting procedures, school-wide dress code, routine and emergency drills, sexual harassment policy, policies related to suspension and expulsion, maintaining a safe and orderly school environment, safe ingress and egress of pupils, parents, and school employees. The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake and intruder drills, are held monthly.

### Cleanliness:

The school provides a safe and clean environment for students, staff, and volunteers. The District Governing Board has adopted cleaning standards for all schools in the District. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and safe. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and healthy learning environment.

### Maintenance & Repair:

A scheduled maintenance program is administered by the District's maintenance staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Silver Valley Unified School District including regular facilities inspections to ensure that school grounds and facilities remain in excellent condition. A work order process is used when issues arise that require immediate attention. Repair requests are completed efficiently and in the order in which they are received. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California OPSC. The most recent inspection took place in December 2022..

### Williams Visit Findings:

On an annual basis, the San Bernardino County Superintendent of Schools conducts Williams visits to monitored school sites to evaluate sufficiency of instructional materials and to ensure that school site facilities are in good repair. Below are the findings from the most recent visit including information regarding any remedial action taken or planned.

The following extreme deficiencies were observed:

#### Section 12. Structural Damage

- Cafeteria/Kitchen: Severe cracks (X) (work order #124055)

#### Section 14. Playground/School Grounds

- Fitness Center: Play/sports equipment poses extreme safety hazard (X) (work order #124056)

The following good repair deficiencies were observed:

#### Section 4. Interior Surfaces

- Locker Room-Boys': Ceilings have damage from cracks, tears, and/or holes (work order #124066)
- Cafeteria/Kitchen: Ceiling tiles are missing (work order #124107)
- Library: Flooring has damage from cracks, tears, and/or holes (work order #124109)
- Locker Room-Boys': Plaster or paint is damaged (work order #124058)
- Locker Room-Boys': Lockers are damaged or non-functional (work order #124070)
- H3: Hand sanitizer dispensers empty (remedied 8/25/22)
- H2: Hand sanitizer dispensers empty (remedied 8/25/22)
- E3: Hand sanitizer dispensers empty (remedied 8/25/22)
- E1: Hand sanitizer dispensers empty (remedied 8/25/22)

## School Facility Conditions and Planned Improvements

- G3: Hand sanitizer dispensers empty (remedied 8/25/22)
- E2: Hand sanitizer dispensers empty (remedied 8/25/22)
- H1: Hand sanitizer dispensers empty (remedied 8/25/22)

### Section 5. Overall Cleanliness

- Library: Unsecured items are stored too high and pose a safety hazard
- Other Area: Unsecured items are stored too high and pose a safety hazard
- Fitness Center: Areas evaluated have accumulated refuse (work order #124103)
- Cafeteria/Kitchen: Areas evaluated have accumulated refuse (work order #124057)

### Section 7. Electrical

- Locker Room-Boys': Lighting covers are missing, damaged or loose (work order #124095)

### Section 8. Restrooms

- Locker Room-Boys': Shower is not working (work order #124094)
- Locker Room-Girls': Shower is not working (work order #124066)
- Locker Room-Boys': Shower fixture is leaking (work order #124066)
- Locker Room-Boys': Stall doors or latches not functioning as designed (work order #124096)
- Fitness Center: Restroom signage damaged, broken and/or missing (work order #124104)
- Fitness Center: Restroom not stocked with menstrual products (work order #124059)

### Section 9. Sinks/Fountains

- D-2: Sink/fountain is not working properly
- H3: Sink/fountain is not working properly
- G3: Sink/fountain is not working properly (remedied 8/25/22)
- Cafeteria/Kitchen: Sink/fountain is not working properly (work order #124090)
- Locker Room-Boys': Sink/fountain is not working properly (work order #124089)
- Locker Room-Girls': Sink/fountain is not working properly (work order #124098)

### Section 10. Fire Safety

- B-4 Choir Room: Fire extinguisher is missing (work order #124110)
- Fitness Center: Fire extinguisher is missing (work order #124069)
- Library: Fire extinguisher out of date or missing monthly inspection sign-off

### Section 11. Hazardous Materials

- Other Area: Cleansers not stored properly (remedied 8/25/22)
- D-2: Cleansers not stored properly

### Section 12. Structural Damage

- Grounds: Holes in floors/concrete (work order #124101)
- Fitness Center: Damage to exterior paint, plaster or finish (work order #124105)

### Section 14. Playground/School Grounds

- Blacktop Area - PE: Significant cracks, trip hazards, holes or deterioration (work order #124099)
- Playground: Significant cracks, trip hazards, holes or deterioration (work order #124061)
- Courtyard: Significant holes and deterioration - trip hazard (work order #124060)
- Black Top Area - PE: Significant holes and deterioration - trip hazard (work order #124100)
- Grounds: Area that poses safety hazard(s) to students unsecured (work order #124063)

### Section 15. Windows/Doors/Gates/Fences

- Cafeteria/Kitchen: Doors or door jambs are broken or damaged (work order #124108)

Deficiencies that were observed and remediated prior to the end of the visit are reflected in this report and the enclosed FIT. Please be sure to include all findings on the appropriate SARC, including all dates of remedial action taken or planned. Inclusion of this information will be verified during next fiscal year's SARC review process (if applicable).

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are encouraged to undertake an active role in their child's education. Parents are welcome to volunteer, chaperone school events and field trips, as well as take an active roll in the Parent Teacher Organization. The school has an open-door policy and communicates regularly with parents through emails, phone calls via our Phone Messenger system, letters home, social media on Facebook and Twitter, and via the electronic sign on the front of the school. The school campus is also used by privately-run after school programs or by organizations that support the students through intramural sports or other youth-related activities.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	2.44	2.05	2.45
Expulsions	0.00	0.04	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

The safety of students and staff is a primary concern of Fort Irwin Middle School. All guests to the campus must sign in at the office and wear a visitor's badge at all times. Before visitors are allowed to make contact with a student their identification credentials are checked to ensure that they are authorized to contact the student in question. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among noon-duty aides, teachers, and school administration.

To safeguard the well-being of students and staff, comprehensive School Site Safety Plans have been developed for each site by the district. The Safety Plans were most recently updated in January of 2021, with all revisions reviewed immediately with the staff. Key elements of the Safety Plan focus on the following: school rules and procedures, disaster procedures, current status of school crime, notification to teachers, child abuse reporting procedures, school-wide dress code, routine and emergency drills, sexual harassment policy, policies related to suspension and expulsion, maintaining a safe and orderly school environment, safe ingress and egress of pupils, parents, and school employees.

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake and intruder drills, are held monthly.

## 2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

## 2021-22 Types of Services Funded

Fort Irwin Middle School is provided a comprehensive set of programs and services to support and assist students. Every classroom is equipped with technology either in the form of desktop or laptop computers. All students at Fort Irwin Middle School received a device such as a Chromebook or a laptop to complete school work. The school district also provides technology-based software such as Pearson Envision, Read 180, Edmentum, and Typing Club. Throughout the year, teachers utilize these programs to benchmark students' academics and then adjust instruction through differentiation strategies. Periodically, the teacher will meet with the Principal for student monitoring conferences in which the students' test scores and performance levels are discussed, and instructional best practices are reviewed.

The school district has provided funding for after-school programs and after-school tutoring. Tutoring is available each week, and each grade level determines the schedule. Tutoring is used to assist students with targeted instruction in Language Arts or Mathematics. In addition, our AVID program is geared toward supporting students with specific and identified academic needs. Throughout the year, the AVID teachers and their students discuss college readiness, research colleges they may wish to attend after high school, and discuss leadership skills that lead to lifelong success.

## 2020-21 Teacher and Administrative Salaries

## Professional Development

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals that comply with the state's evaluation criteria and district policies. Temporary and probationary teachers are evaluated twice a year and tenured teachers are evaluated every other year.

Evaluations are conducted by the School Principal, who has been trained and certified for competency to perform teacher evaluations. Evaluations are aligned with California Standards for the Teaching Profession and include the following: engaging and supporting all students in learning, understanding, and organizing subject matter for student learning, assessing student learning, creating and maintaining effective environments for all students, and developing as a professional educator.

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. The district-sponsored teachers were offered a broad-based variety of professional growth opportunities in the curriculum, teaching strategies, and methodologies. 2020-2021 staff development day topics included: Pearson, Math Strategies with Kristen Hilty and Staci McDaniel, AVID, and behavior training with Lisa Rogers. Teachers were also given training opportunities for Scholastic Read 180, Pat Pavelka Writing Strategies training, a Edmentum. In 2021-2022 professional development included PBIS, ELA training with Pat Pavelka, Math with Kristin Hilty, and social-emotional training with Lisa Rogers. Ongoing training for curriculum included TCI, Edmentum, HMH Collections, Envision 2.0 Math, SAVVAS Science, Zoom, and Google.

For additional support in their profession, teachers may enlist the services of the district's Beginning Teacher Support and Assessment (BTSA) support provider. Teachers also meet every six weeks to collaborate with their entire grade level as a district and discuss curriculum needs and instructional best practices.

This table displays the number of school days dedicated to staff development and continuous improvement.
